Professional Summary

Skilled Java Developer with 5 years of experience in developing, testing, and deploying scalable web and desktop applications. Proficient in Java frameworks, object-oriented programming, and full-stack development. Strong expertise in integrating APIs, optimizing performance, and collaborating in Agile teams. Passionate about delivering innovative and user-centric solutions to complex challenges.

Skills

- **Programming Languages:** Java, Python, SQL.
 - **Frameworks:** Spring, Hibernate, Struts, and JavaFX.
 - **Web Technologies:** HTML, CSS, JavaScript, JSP, and Servlets.
 - **Tools:** IntelliJ IDEA, Eclipse, Maven, and Gradle.
 - **Databases:** MySQL, PostgreSQL, MongoDB.
 - **Version Control:** Git, GitHub, and Bitbucket.
 - **Other Skills:** RESTful API development, microservices, multithreading, and debugging.
-

Professional Experience

Java Developer

TechWave Solutions, San Francisco, California, USA
April 2019 – Present

- Developed microservices-based applications using Spring Boot, improving scalability by 30%.
- Integrated third-party APIs into applications, enhancing functionality and user experience.
- Optimized SQL queries and database operations, reducing application response times by 20%.
- Participated in Agile sprints, collaborating with cross-functional teams to deliver features on time.

Junior Java Developer

CodeCraft Inc., Seattle, Washington, USA

July 2017 – March 2019

- Built and maintained web applications using JSP, Servlets, and Spring MVC.
 - Assisted in designing RESTful APIs for seamless integration with front-end systems.
 - Wrote unit tests using JUnit to ensure code quality and reliability.
 - Debugged and resolved application issues, reducing downtime by 15%.
-

Education

Bachelor of Science in Computer Science

University of California, Berkeley, USA

Graduated: 2017

Certifications

- Oracle Certified Professional, Java SE Programmer (OCPJP).
 - Spring Professional Certification.
 - Certified Scrum Developer (CSD).
-

Languages

- English: Native
 - French: Intermediate
-

Projects

- **E-Commerce Platform:** Developed a scalable back-end system using Spring Boot, supporting over 10,000 users daily.
 - **Task Management App:** Created a desktop application with JavaFX and SQLite for task tracking and reminders.
 - **Chat Application:** Designed a real-time chat system using WebSockets and Spring for seamless communication.
-

Interests

- Exploring new Java frameworks and tools.
- Participating in hackathons and coding challenges.
- Mentoring junior developers and contributing to open-source projects.
